INTERNATIONAL SEARCH REPORT

(PCT Article 18 and Rules 43 and 44)

International application No.	Applicant's or agent's file reference	FOR FURTHER	
International application No. International line due to desymborately early Carriest Priority Date (day/month/year) 16/04/2004			see Form PCT/ISA/220 ell as, where applicable, item 5 below.
Applicant APPLE COMPUTER, INC. This International Search Report has been prepared by this International Searching Authority and is transmitted to the applicant according to Article 18. A copy is being transmitted to the International Bureau. This International Search Report consists of a total of sheets. \[\times \text{ It is also accompanied by a copy of each prior art document cited in this report.} 1. Basis of the report a. With regard to the language, the international search was carried out on the basis of the international application in the language in which it was filled, unless otherwise indicated under this item. \[\text{ The international search was carried out on the basis of a translation of the international application furnished to this Authority (Rule 23.1(b)). \[\text{ With regard to any nucleotide and/or amino acid sequence disclosed in the international application, see Box No. I. \[\text{ Certain claims were found unsearchable (See Box III).} \] \[\text{ Unity of invention is lacking (see Box III).} \] \[\text{ With regard to the tittle,} \[\text{ the text is approved as submitted by the applicant.} \[\text{ the text has been established by the Authority to read as follows:} \] \[\text{ POSIGIET BY AUTION AUG CABELLO AUG Table 38.2(b), by this Authority as it appears in Box No. IV. The applicant may, within one month from the date of mailing of this international search report, submit comments to this Authority. \[\text{ With regard to the drawings.} \] a. the figure of the drawings to be published with the abstract is Figure No		International filing date (day/month/year)	(Earliest) Priority Date (day/month/year)
APPLE COMPUTER, INC. This International Search Report has been prepared by this International Searching Authority and is transmitted to the applicant according to Article 16. A copy is being transmitted to the International Bureau. This International Search Report consists of a total of sheets. It is also accompanied by a copy of each prior art document cited in this report. Basis of the report	PCT/US2005/008805	16/03/2005	16/04/2004
This International Search Report has been prepared by this International Searching Authority and is transmitted to the applicant according to Article 16. A copy is being transmitted to the International Bureau. This International Search Report consists of a total of	Applicant		
This International Search Report has been prepared by this International Searching Authority and is transmitted to the applicant according to Article 16. A copy is being transmitted to the International Bureau. This International Search Report consists of a total of			
This International Search Report consists of a total of	APPLE COMPUTER, INC.		
It is also accompanied by a copy of each prior art document cited in this report. 1. Basis of the report a. With regard to the language, the international search was carried out on the basis of the international application in the language in which it was filled, unless otherwise indicated under this item. The international search was carried out on the basis of a translation of the international application furnished to this Authority (Rule 23.1(b)). D.	This International Search Report has bee according to Article 18. A copy is being tra	n prepared by this International Searching At ansmitted to the International Bureau.	uthority and is transmitted to the applicant
1. Basis of the report a. With regard to the language, the international search was carried out on the basis of the international application in the language in which it was fled, unless otherwise indicated under this item. The international search was carried out on the basis of a translation of the international application furnished to this Authority (Rule 23.1(b)). b. With regard to any nucleotide and/or amino acid sequence disclosed in the international application, see Box No. I. Certain claims were found unsearchable (See Box II). Unity of invention is lacking (see Box III). With regard to the title, the text is approved as submitted by the applicant, the text has been established by this Authority to read as follows: **RECEIVED** WONG CABELLO** AUG 11 2005 **DOCKETED BY** ACTION** DUE DATE** 5. With regard to the abstract, the text is approved as submitted by the applicant. the text has been established, according to Paule 38.2(b), by this Authority as it appears in Box No. IV. The applicant may, within one month from the date of mailing of this international search report, submit comments to this Authority. 6. With regard to the drawings, a. the figure of the drawings to be published with the abstract is Figure No			
a. With regard to the language, the international search was carried out on the basis of the international application in the language in which it was elied, utless otherwise indicated under this item. The international search was carried out on the basis of a translation of the international application (unrished to this Authority (Rule 25.1(b)). With regard to any nucleotide and/or amino acid sequence disclosed in the international application, see Box No. I. Certain claims were found unsearchable (See Box III). Unity of invention is lacking (see Box III). With regard to the title, The text is approved as submitted by the applicant. the text has been established by this Authority to read as follows: **RECEIVED** WONG CABELLO** AUG 1 1 2005 **DOCKETEB BY* ACTION** The text is approved as submitted by the applicant. The text is approved as submitted by the applicant. The text is approved as submitted by the applicant. The text is approved as submitted by the applicant. The text is approved as submitted by the applicant. The text is approved as submitted by the applicant. The text is approved as submitted by the applicant in the text has been established, according to Paule 38.2(b), by this Authority as it appears in Box No. IV. The applicant may, within one morth from the date of mailing of this international search report, submit comments to this Authority. With regard to the drawings. a. the figure of the drawings to be published with the abstract is Figure No as suggested by the Authority, because the applicant failed to suggest a figure. as selected by this Authority, because the applicant failed to suggest a liquire. as selected by this Authority, because the applicant failed to suggest a liquire.	X It is also accompanied by	a copy of each prior art document cited in the	is report.
b. With regard to any nucleotide and/or amino acid sequence disclosed in the international application, see Box No. I. Certain claims were found unsearchabte (See Box II). Unity of invention is tacking (see Box III). Unity of invention is tacking (see Box III). With regard to the title, the text is approved as submitted by the applicant, the text has been established by this Authority to read as follows: RECEIVED WONG CABELLO AUG 11 2005 DOCKETED BY ACTION- DUE DATE S. With regard to the abstract, the text is approved as submitted by the applicant. the text is approved as submitted by the applicant. the text has been established, according to Paule 38.2(b), by this Authority as it appears in Box No. IV. The applicant may, within one month from the date of mailing of this international search report, submit comments to this Authority. With regard to the drawings. a. the figure of the drawings to be published with the abstract is Figure No	a With regard to the language, the	international search was carried out on the bless otherwise indicated under this item.	pasis of the international application in the
2.			nstation of the international application furnished to
3. Unity of invention is tacking (see Box III). 4. With regard to the title,	b. With regard to any nucle	otide and/or amino acid sequence disclose	ed in the international application, see Box No. I.
4. With regard to the title, the text is approved as submitted by the applicant. the text has been established by this Authority to read as follows: **RECEIVED WONG CABELLO** AUG 1 1 2005 **DOCKETS BY ACTION** AUG 11 2005 **DOCKETS BY ACTION** DUE DITE 5. With regard to the abstract,	2. Certain claims were fou	ind unsearchable (See Box II).	
the text is approved as submitted by the applicant. the text has been established by this Authority to read as follows: **RECEIVED WONG CABELLO** AUG 1 1 2005 **DOCKETED BY ACTION** DUE DATE. 5. With regard to the abstract,	3. Unity of invention is lac	king (see Box III).	
the text has been established by this Authority to read as follows: RECEIVED WONG CABELLO	4. With regard to the title,		
RECEIVED WONG CABELLO AUG 1 1 2005 DOCKETED BY ACTION DUE DATE 5. With regard to the abstract, the text is approved as submitted by the applicant. the text has been established, according to Paule 38.2(b), by this Authority as it appears in Box No. IV. The applicant many, within one month from the date of mailing of this international search report, submit comments to this Authority. 6. With regard to the drawings, a. the figure of the drawings to be published with the abstract is Figure No as suggested by the applicant. as selected by this Authority, because the applicant failed to suggest a figure. as selected by this Authority, because this figure better characterizes the invention.	1		
DUE DATE S. With regard to the abstract, the text is approved as submitted by the applicant. the text has been established, according to Paule 38.2(b), by this Authority as it appears in Box No. IV. The applicant may, within one month from the date of mailing of this international search report, submit comments to this Authority. 6. With regard to the drawings, a. the figure of the drawings to be published with the abstract is Figure No		sied by and Additionly to lead at the lead.	
S. With regard to the abstract, the text is approved as submitted by the applicant. the text has been established, according to Pale 38.2(b), by this Authority as it appears in Box No. IV. The applicant may, within one month from the date of mailing of this international search report, submit comments to this Authority. 6. With regard to the drawings, a. the figure of the drawings to be published with the abstract is Figure No			AUG 1 1 2005
5. With regard to the abstract,			
the text is approved as submitted by the applicant. the text has been established, according to Falle 38.2(b), by this Authority as it appears in Box No. IV. The applicant may, within one month from the date of mailing of this international search report, submit comments to this Authority. 6. With regard to the drawings, a. the figure of the drawings to be published with the abstract is Figure No			
the text is approved as submitted by the applicant. the text has been established, according to Falle 38.2(b), by this Authority as it appears in Box No. IV. The applicant may, within one month from the date of mailing of this international search report, submit comments to this Authority. 6. With regard to the drawings, a. the figure of the drawings to be published with the abstract is Figure No			
the text has been established, according to Pule 38.2(b), by this Authority as it appears in Box No. IV. The applicant may, within one month from the date of mailing of this international search report, aubmit comments to this Authority. 6. With regard to the drawings, a. the figure of the drawings to be published with the abstract is Figure No X as suggested by the applicant. as selected by this Authority, because the applicant failed to suggest a figure. as selected by this Authority, because this figure better characterizes the invention.		ubmitted by the applicant.	
6. With regard to the drawings, a. the figure of the drawings to be published with the abstract is Figure No S as suggested by the applicant. as selected by this Authority, because the applicant failed to suggest a figure. as selected by this Authority, because this figure better characterizes the invention.	the text has been establi	shed, according to Rule 38,2(b), by this Auth	ority as it appears in Box No. IV. The applicant
a. the figure of the drawings to be published with the abstract is Figure No X as suggested by the applicant. as selected by this Authority, because the applicant failed to suggest a figure. as selected by this Authority, because this figure better characterizes the invention.	may, within one month if	om the date of mailing of this international se	saidi report, submit comments to the Addiony.
as suggested by the applicant. as selected by this Authority, because the applicant failed to suggest a figure. as selected by this Authority, because this figure better characterizes the invention.
